## ANXIETY FELT FOR MRS. GRUNSFELD AND DAUGHTER

Bottled Up in Germany with  
Other Tourists. Supposed  
to be in Munich in Company  
with Relatives.

While it is not believed that she  
is in any real danger, the relatives  
and friends of Mrs. Alfred Grunsfeld  
and her daughter, Miss Hilda, who  
are in Germany, are worried by the  
thought of the alarming possibilities  
suggested by the news of the tremen-  
dous conflict abroad and the inter-  
ference with civilian travel.

Mrs. Grunsfeld is in New York,  
having left her wife and daughter to  
complete their previously planned  
tour. From what is known of Mrs.  
Grunsfeld's plans it is supposed that  
she is now in Munich with Mrs. E.  
A. Stonehill and Mrs. S. Homberger.

Mr. Grunsfeld wrote his brother,  
Counselor Ivan Grunsfeld, from  
New York, Sunday, the letter arriving  
today. In it he said he was worried  
about his wife and daughter and had  
had no news from them regarding the situation in which they  
found themselves. He wrote he  
would cable them. At that time Ger-  
many's communications with the out-  
side world were not cut off.

Counselor Grunsfeld said today  
that he did not believe the tourists  
were in any danger. Aside from the  
fact that the United States will take  
steps to see that Americans are en-  
titled to cash their checks, Mrs.  
Grunsfeld and relatives in Germany,  
and Grunsfeld Brothers have busi-  
ness connections abroad that may be  
counted upon to assist in saving the  
Grunsfeld party from undue incon-  
veniences.

Mr. and Mrs. Nathan Eisenman, the  
latter Mr. Grunsfeld's sister, are also  
in Germany.

## PRESIDENT WILSON (Continued from Page One.)

## BACA FORCES WILL WIND UP WITH A HURRAH TIME

Rally at Headquarters To-  
night, and a Bigger One  
Tomorrow Night. Other  
Side Keeps on Sawing Wood

Carrying out President Wilson's

neutralism proclamation, the follow-

ing instructions were sent yesterday

to all collecting of customs at ports

in the United States:

"Notify all steamship companies  
and masters immediately that no  
vessels will be permitted to clear  
from your port until they have filed  
their full manifests and also that all  
out-going foreign vessels will be sub-  
ject to the inspection of their papers  
and cargo and by United States au-  
thorities within the territorial waters  
of the United States."

Every possible means will be taken

to prevent shipments of articles con-  
traband of war from the United

States. The administration has de-  
scribed specifically what articles out-  
side munitions of war shall be  
garded as contraband by this nation.

**JAPAN WILL PROTECT  
THE BRITISH COLONIES**

Tokio, Aug. 5.—The Japanese  
prime minister, Count Okuma, in an in-  
terview today expressed his regret that  
the United States had not been able  
to mediate in the European conflict  
which if it continues, he said, means  
the destruction of western civiliza-  
tion. The Japanese, he continued, would  
have been happy to join the United  
States in mediation, but her possible  
participation in the war as an ally  
of Great Britain made her an inter-  
ested party.

The premier said that Japan, if  
she were compelled reluctantly to in-  
tervene, would protect the British  
colonies but under no circumstances  
would she send a fleet or an army to  
Europe.

**BRYAN'S PEACE FACTS  
ARE FAVORABLY REPORTED**

Washington, Aug. 5.—As an influ-  
ence for peace in the present time of  
war in Europe, the Senate Foreign  
Relations Committee today ordered  
favorably reported Secretary Bryan's  
Twenty peace treaties with foreign  
nations, urged for ratification by  
President Wilson before Congress adjourns.

The committee, however, struck  
out a provision that pending investiga-  
tion of differences contracting na-  
tions should agree not to increase  
their military or naval programs un-  
less danger from a third power  
should compel it.

From informal inquiries which  
American diplomats have been making,  
it appeared probable to officials  
here that England and France might  
accept the tender of good offices. An  
acceptance by Great Britain, it is pre-  
sumed, would mean similar action by  
her allies, Russia and France.

All eyes here are turned on Berlin,  
where it is believed the decision on  
mediation really lies. Ambassador  
Gerard has been conspicuously active  
since hostilities began in his efforts  
to suggest some way for a pacific settle-  
ment and the general trend of  
opinion in White House circles was  
one of optimism.

**PRESIDENT'S WIFE  
IS SERIOUSLY ILL**

Washington, Aug. 5.—Mrs. Wilson,  
wife of President Wilson, lapsed into  
unconsciousness at 5 o'clock this  
evening and it was announced that  
it was doubtful if she would survive  
through the night.

Washington, Aug. 5.—President  
Wilson has been at the bedside of  
Mrs. Wilson almost constantly for  
several days and her illness of several  
months is causing worry in official cir-  
cles.

It was while sitting beside his wife,  
his constant helpmate and adviser,  
that the president wrote his message to  
the European crowned heads, ap-  
pealing to them to stay their conflict  
and discuss peace. Only those in  
closest touch with the president have  
known of the severe strain under  
which he has been during the last  
fortnight.

No announcements have been made  
about Mrs. Wilson's illness and per-  
sons at the White House were dis-  
posed to believe that she had slightly  
improved today. She first took sick  
last March and it is understood that  
she has been suffering from a complica-  
tion of nervous ailments.

The condition of Mrs. Wilson was  
said to be extremely grave. Mrs.  
Francis Bowes Lyon and Miss Mar-  
garet Wilson, two daughters who  
have been away from Washington  
have been called to her bedside.

Little hope is entertained by the  
physicians for Mrs. Wilson's recov-  
ery. Several specialists have been  
called in by Dr. Grayson during the  
last few days but their efforts have  
met with no success.

White House officials said Mrs. Wil-  
son had not been entirely conscious  
for two days and that she gradually  
was weakening.

**MEXICAN CAPITAL TO  
BE TAKEN PEACEFULLY**

Mexico City, Aug. 5.—General Al-  
fredo Rebolledo Dominguez, the personal  
representative of General Carran-  
za, said today that he would im-  
mediately issue a proclamation to the  
people of the capital, promising in  
the name of the constitutionalists  
that all their guarantees would be  
preserved during the period while  
the government was being trans-  
ferred from the federales to the con-  
stitutionalists. He will give assur-  
ance that all the rebel advances will  
be checked until arrangements for  
the peaceful transfer of power have  
been perfected.

The present municipal police force  
will be retained to maintain order.  
He will call upon the inhabitants in  
the name of General Carranza to  
permit the peaceful occupation of  
the city.

Tenth army corps at Eysden, the  
Seventh army corps, 40,000 strong at  
Verdun, and the Sixth army corps in  
another locality not named. The  
Tenth German army corps is operating  
along the northern line, and, finding  
unexpected resistance, moved  
further northward, invading Dutch  
territory at Tilburg and crossing the  
Meuse at Eysden. An army of 100,  
000 Germans was marching today on  
Liege, where a general attack is ex-  
pected tomorrow.

A German officer taken prisoner by  
the Belgians said he was amazed at  
the resistance offered to the German  
advance. The Germans had been  
given to understand at Berlin that  
they would not be opposed in Bel-  
gium.

A German military aviator was  
killed today.

The Romero-Baca forces have  
planned a hurrah finish. There will  
be a rally at their headquarters, 204  
West Central avenue tonight, and at  
7 p.m. one tomorrow night. The  
latter is slated for tomorrow on  
the site of the "big" rally.

No meetings have been planned by  
the Gillenwater forces. The boys are  
leaving wood and saying nothing.  
The Romero-Baca leaders said today  
that they would elect every delegate  
in the city; they wouldn't concede  
a chance to the other side.

The shop vote, which caused the  
Romero-Baca leaders some concern,  
is said to have been robbed of its  
territory. The leaders say they have  
been assured of a big vote from the  
shops.

The Romero-Baca leaders are now  
making no claims and no predictions,  
but they smile a little smile at  
the claims of the other side, and  
keep on sawing wood.

The primaries will last from 7 to 9,  
the voting places being Charles  
Chadwick's office and the station  
house.

The county primaries will be held  
by the Republicans on August 10 in  
the afternoon. The Romero-Baca  
combination is conceded to have a  
complete walk-over outside of the  
city.

In the calendar year 1913 the  
Pennsylvania railroad lines east of  
Pittsburgh carried 148,000,000 passen-  
gerers—the exact figures are now  
available—and not one was killed in  
a train accident.

The Pennsylvania railroad system  
has 11,729 miles of line and 26,198  
miles of track. More than 113,000  
passenger trains are operated on  
these tracks every month—2,756  
trains a day. This record of six  
months means the safe operation by  
day and by night, through fog, snow,  
storm and clear weather, of 63,000  
passenger trains, while at the same  
time approximately as many more  
freight trains are being cared for.

On the Pennsylvania lines east of  
Pittsburgh no passenger has been  
killed in a train accident since 1912.  
During this period these lines alone  
have carried more than 161,000,000  
people without the loss of a passenger's  
life in a train accident.

Santa Barbara.

Washington, Aug. 5.—Senator John  
Sharp Williams resigned today as a  
member of the foreign relations com-  
mittee because, he declared, the  
committee had hesitated to support  
the administration's policy as to me-  
diation and because of its "unnatural  
disgusting attitude" regarding the  
purchase of ships to carry cotton  
and other goods abroad.

**LEAD STRIKE AT THE  
GALENA KING REPORTED**

Paul A. Larsh, mining expert, left  
this afternoon for the Galena King  
mining property, between Hell and  
Coyote canyons, to investigate a  
strike of lead ore made on the Galena  
King claim. A sample of the ore  
brought to town yesterday assays  
75 per cent lead and the vein at the  
start is said to be a foot thick. The  
Galena King is owned by Albuquerque  
people and recent development  
work was done under direction of  
Prof. F. A. Jones, mining engineer.

**GERMANS ARE AMAZED

Brussels, Aug. 5.—The prompt de-  
struction of bridges by the Belgian

Germans in their invasion of Bel-

B. Somervell and four other gradu-  
ates of West Point, all of whom are

army as military observers.

The ambassador has requested the  
French government to extend the  
time limit for the issue of special per-  
mits of residence to Americans living  
in Paris who desire to remain here.

The government had granted only  
till tonight to foreigners desiring to  
obtain permits. Mrs. Anna Wilson  
Howe of Philadelphia, sister of Pres-  
ident Wilson, took her place in the  
line at the embassy yesterday, waiting  
for a passport.

Oscar Underwood, Jr., was among  
those who assisted American resi-  
dents, using his private automobile to  
bring in children and others who had  
been separated from their parents and  
friends. Assistance was given to  
day by the American church to a  
number of destitute Americans.

Elbert H. Gary, chairman of the  
committee for the assistance of Amer-  
icans, said he supposed there were  
more than 30,000 Americans in  
Europe desirous of returning to  
America and about 2,500 in Paris, of  
whom perhaps 1,500 were in desper-  
ate straits. He said he thought the  
committee would be able to cope  
with the majority of cases provided  
aid were received from the state de-  
partment.

A large number of tourists from  
Switzerland, among them many  
American delegates of the Church  
Peace Union, whose proposed confer-  
ence at Constance on August 2, was  
abandoned, have arrived in Paris with  
tales of their experiences. They  
were met politely but at the point of  
the bayonet on the French frontier and  
asked to show their credentials. At  
Rezoncon they were put into  
freight cars used for the transporta-  
tion of troups horses and had little to  
eat or drink. The French showed  
them every courtesy compatible with  
the exigencies of war.

**STRANDED AMERICANS IN  
LONDON ARE CARED FOR**

London, Aug. 5.—A syndicate of  
stranded Americans headed by Grant  
Brown of New York, combining busi-  
ness with philanthropy, have pur-  
chased the British steamer Viking  
for the repatriation of their country-  
men at the price of \$500 for each  
berth. The syndicate today obtained  
the permission of the British govern-  
ment for the vessel to sail on Mon-  
day from Liverpool on its first trip.  
It is understood the Viking will fly  
the stars and stripes. She is to make  
as many trips as possible.

Among the 240 cabin passengers  
and 1,000 Americans going in the  
steerage on board the Philadelphia,  
sailing today, are many wealthy per-  
sons. Enormous premiums were of-  
fered for tickets. One speculator of  
Cleveland \$1,000 for their room or  
\$500 if they allowed him to travel  
with them. Martin Vogel, United  
States sub-treasurer at New York,  
and his bride were among the pas-  
sengers. They said they were in  
Berlin five days and the Germans  
were parading the streets as though  
celebrating a victory. Later on  
they passed thru Paris, where they  
said the contrast was marvel-  
lous. The atmosphere was quiet but  
tense.

**AMERICAN GOVERNMENT  
TO BRING REFUGEES HOME**

Washington, Aug. 5.—Secretary  
Garrison was scanning the Pacific  
coast today for ships to bring Amer-  
ican refugees out of Europe. If suit-  
able vessels can be found there they  
will be brought through the Panama  
canal. Inquiry also was made for  
available ships on the Great Lakes.

Mr. Garrison said no attempt  
would be made to start passenger  
vessels to Europe until it had been  
determined just what the needs of  
Americans were. If neutral com-  
mercial lines continue to run they  
may be employed.
